

LIGHTRONICS

Child's Play

Lightronics' lighting control consoles are designed to be powerful yet straightforward to use. Professional features such as cue stacking, multiple patch pages, timed fades and more make your performances shine. Best of all you never again have to worry about your lighting console operator being a graduating senior.

Visit www.lightronics.com to download a copy of our product catalog to see all the impressive features that these lighting consoles provide to make you and your students the real stars.
